Workshop 302: Successful Collaborations Between Programs

Friday, February 7, 2020

3:30 - 5:00 PM

The Administration for Children and Families (ACF) consists of more than 20 programs. Each of those organizations are committed to promoting the economic and social well-being of families, children, individuals and communities. In addition to the ACF programs, the Supplemental Nutrition Assistance Program (SNAP) and Medicaid are intertwined with child support and have the same commitment to families. How can child support programs engage these programs to better serve families? Come learn what several states are doing to bridge the gap between programs and enhance the customer experience in their communities.

Speakers: Hillarie Beyer, Lisa Dugan, Alan Farrell, Alana Tucker

Moderator: Lesley Bell
